CONGRATULATIONS

You have just made a smart consumer decision to protect yourself from the future cost of repairing your new product by purchasing a WCPS Preferred Service Plan (the "Plan"). This Plan is an agreement between the Administrator/Obligor, Warrantech Consumer Product Services, Inc. (WCPS), 350 Bedford Street, Suite 203, Stamford, CT 06901, and you, the purchaser. However, if you are a resident of **Alaska, Arkansas, Maine, Missouri or New Jersey**, this Plan is an agreement between the Obligor/Provider of this Plan, the retailer, and you, the purchaser. If you are a resident of **California**, this Plan is an agreement between the Obligor/Provider of this Plan, Butler Financial Solutions, LLC ("Butler"), 1854-A Hendersonville Road, PMB 6, Asheville, NC 28803, and you, the purchaser.

In addition to the security offered by dealing with a leader in the industry, the obligations assumed under the terms of this Plan are fully insured by an insurance carrier rated "Excellent" by A.M. Best.

Please keep this document in a safe place along with the sales receipt you received when you purchased your product. It will serve as a valuable reference guide and will help you determine what is covered by the Plan. As the Administrator, WCPS will assist you in understanding your warranty and Plan benefits from the day you purchased your Plan.

PRODUCT ELIGIBILITY

The protection offered under this Plan is among the most dependable and comprehensive available, offering coverage above and beyond that offered by the manufacturer. This Plan covers products purchased as new and manufactured for use in the United States, which at the time of purchase included a manufacturer's original written warranty valid in the United States. In order to be eligible for a Plan, the manufacturer's original written warranty must provide at least 90 days parts and labor coverage. This Plan covers all mechanical and electrical failures that would normally be covered by the original manufacturer's written warranty, unless otherwise stated in the Exclusions from Coverage section of this document. Coverage only applies to products used non-commercially. Accessories and/or add-on options purchased separately and not essential to the basic function of the covered product are not eligible for coverage.

COVERAGES

Repair Plan: The WCPS Preferred Plan coverage begins on the date of product purchase or date of installation by the selling retailer (proof of installation date will be required if different from product purchase date) and continues for the period indicated on your sales receipt. Coverage under this Plan is effective immediately upon the expiration of the shortest portion of the manufacturer's original written parts and labor warranty. During the manufacturer's warranty period, any parts, labor, on-site or shipping covered by that warranty are the sole responsibility of the manufacturer. After the manufacturer's warranty expires, this Plan will furnish labor and replacement parts necessary to maintain your covered product in good operating condition. If service is needed because of a product failure during normal usage, the Administrator has the option to repair or replace the defective product with a product of equal or similar features and functionality, though not necessarily the same brand. A replacement part or product may be new or refurbished. Repair of resolution (pixels) failure must match the factory minimum standards before an authorized repair occurs. Products sold through an Unauthorized Dealer or an Unauthorized Internet Provider do not carry an original manufacturer's parts and labor warranty and are therefore ineligible for coverage under a Preferred Service Plan and will be cancelled.

A computer system covers the following components if purchased at the same time as the rest of the computer system: all internal components, monitor, keyboard, mouse, microphone, headset, speakers, web cam and two external components (i.e. printer, scanner, tape drive, zip drive, fax/printer). A peripheral contract will be required for additional external components.

A laptop/notebook covers the following components if purchased at the same time as the laptop/notebook: all internal components, and one external drive. All external peripherals such as monitor, scanner, docking stations, etc. require a separate peripheral contract.

Replacement Plan: The coverage for the Replacement Plan coverage begins on the date of product purchase and continues for the period indicated on your sales receipt or until a replacement claim is paid, whichever occurs first. Coverage under this Plan is effective immediately upon the expiration of the shortest portion of the manufacturer's original written parts and labor warranty. In the event your covered product suffers a mechanical or electrical failure following the expiration of the shortest portion of the manufacturer's parts and labor warranty, this Plan will replace your original product with a product of equal or similar features and functionality, though not necessarily the same brand. A replacement product may be new or refurbished. The Replacement Plan does not cover trip, labor or shipping. You may be required to ship or deliver the defective product prior to receiving reimbursement or a replacement product.

The Replacement Plan will replace components on products where applicable instead of the entire unit on products that consist of self-contained units and/or components, including but not limited to icemakers and rack system components.

For instructions on how to obtain a replacement product, please call 1-877-548-1728. The Replacement Plan is limited to one replacement during the lifetime of the Plan and is only available for products that were purchased for less than \$500.00. The Replacement Plan is not transferable.

Note: The Replacement Plan does not include Food Loss or Power Surge.

For All Coverages: Technological advances may result in a replacement product with a lower selling price than the original product. No refunds will be made based on the replacement product cost difference. The most we will pay on any single repair or replacement is the price you paid for the original product, excluding taxes. If we replace the covered product in its entirety, our maximum liability has been met under this contract and there will no longer be coverage under the terms of this contract. Replacement products will include a manufacturer's warranty and the retailer has the option to offer an additional extended service contract on the replacement product. If the covered product is not repairable and a replacement product is not available or under the Replacement Plan a replacement product is not available, we will refund to you the product purchase price, excluding taxes, and this contract will be fulfilled and all obligations satisfied. In no event shall the obligation to administer claims extend beyond the term of coverage commencing upon the date of product purchase. You may be required to ship or deliver the defective product prior to receiving reimbursement or a replacement product.

SPECIAL FEATURES AND BENEFITS

Food Loss: This Plan will reimburse you for food loss due to the mechanical failure of your covered refrigerator or freezer when service is not provided within 48 hours after you received authorization. To receive coverage for food loss, the failure of your covered refrigerator or freezer must be due to a defect in the components of the appliance, excluding icemaker repairs. You will be reimbursed up to the limit of five dollars (\$5.00) per cubic foot of storage space and a maximum of two hundred fifty dollars (\$250.00) per calendar year. To receive payment, you must have the appliance repaired by a service center authorized by the Administrator and submit the following: a copy of the repair order, an itemized list of food lost due to the lack of refrigeration, and proof of purchase for the replaced food.

Power Surge: Damage or defects to your covered product caused by a power surge will be covered up to a maximum of the replacement cost of the product over the life of the contract. If your covered product suffers damage from a power surge, you must first make a claim with the insurance carrier who provides your homeowner's/renter's insurance. The Administrator will reimburse the deductible up to the \$1,000 limit once proof of a valid claim is

provided. If you do not have a homeowner's or renter's insurance policy, you must notify the Administrator in writing and the Administrator will reimburse you up to the replacement cost of the product.

Lemon Guarantee: If your product should fail three (3) times for the same cause during the Preferred Service Plan coverage, on the fourth failure for the same cause your product will be replaced.

OPTIONAL COVERAGES

Screen Protection Plan – if purchased, this optional coverage will furnish labor and replacement parts necessary to replace your covered screen should it become cracked or broken for reasons other than mechanical or electrical defects, failures, willful customer abuse or manufacturer defects. This Plan will not cover more than two screen replacements during the term of this Plan. This Plan must be purchased in conjunction with a WCPS Preferred Service Plan. This Plan provides carry-in service unless the corresponding WCPS Preferred Service Plan provides on-site service.

Software Replacement Plan – if purchased, this optional coverage will replace the covered software product should it become inoperable for reasons other than system mechanical or electrical defects, manufacturer's software defects or willful customer abuse. This Plan will replace your original software product with a product of equal or similar features and functionality. Coverage is for one year from the date of software purchase and is limited to one replacement during the lifetime of the Plan. This Plan is not be responsible for trip, labor or shipping. This Plan must be purchased at the same time and on the same sales receipt as the covered software product.

SERVICE LOCATION

In-Home Service: If your Plan provides in-home service and your product needs repair, call 1-877-548-1728 to arrange service. If on-site coverage is provided during the term of the manufacturer's warranty, you may be referred to the manufacturer for service, or calls may not be scheduled until authorized by the manufacturer. An adult of legal age must be present at the location where on-site service will occur. If you live beyond a 50-mile radius of an authorized service center, you may be required to ship the product to the servicer; however, shipping charges will be covered by the Plan. While most products can be repaired on-site, some products, due to their sensitive, technical nature, require the controlled environment of a factory authorized service center; therefore, on-site repair is not possible. This Plan does not cover labor or materials to obtain access to covered components if structural modification or repair is required. It is your responsibility to insure that the covered product is accessible to the service technician. If a technician arrives and determines the problem is not covered under the terms of the Plan or there is a "no problem found" diagnosis, you will be responsible for any related charges to that service center including any parts and labor needed to complete the repair.

Carry-In Service: If your Plan provides carry-in service and your covered product needs repair, call 1-800-342-5349 to arrange service. While most products can be repaired locally, some products, due to their sensitive, technical nature, require the controlled environment of a factory authorized service center; therefore, a local repair facility may not be available. You are responsible for transporting your product to the designated service center. The product may be carried into or shipped (postage pre-paid and insured) to the designated service center. The product will be returned to you at no additional cost, if an authorized service is performed. If it is determined the problem is not covered under the terms of the Plan or there is a "no problem found" diagnosis, you will be responsible for any related charges to that service center.

For products that the store is authorized by the manufacturer to repair: If it is more convenient, you may take the covered product to the nearest store location for diagnostics and repair. Contact the store to verify manufacturer's authorization prior to taking product in for service. Transportation of the product to and from the store location is your responsibility. Due to the nature of some manufacturers' service authorizations and the availability of parts, the store may be required to ship some products to another repair center for completion of the repair. If your Plan only provides carry-in service, you will be responsible for any shipping and handling charges related to getting the product to a third party service center.
